

**Remarks**

This Preliminary Amendment amends claims 23-26, 30, 34, 35, 37, 41 and 45 in the underlying PCT Application No. PCT/US2004/013852. The amended claims conform the claims to United States Patent and Trademark Office rules and do not add any new matter to the application.

This Preliminary Amendment also amends paragraph [0081] to correct the SEQ ID NO identifiers. Applicant respectfully requests entry of the present Amendment and requests that the attached eighteen (18) pages of corrected Sequence Listing be entered into the specification. Applicant further submits a copy of the Sequence Listing in computer readable form (one diskette) and Sequence Listing Statement. The Sequence Listing contains 33 Sequences. No new matter is added by these amendments.

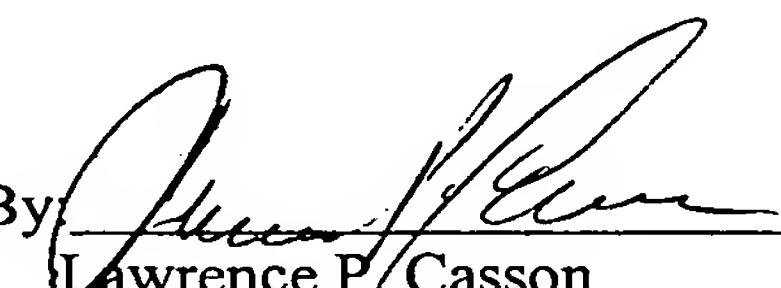

Applicant asserts that the subject matter of the present application is new, non-obvious, and useful. Prompt consideration and allowance of the application are respectfully requested.

Respectfully Submitted,

KENYON & KENYON
